

Single bossed clamps

according to CEA 4001, for Marioff HI-FOG® System, galvanised

Application

- Suitable for direct pipe fixation due to epoxy powder-coating
- Attachment of sprinkler and Marioff HI-FOG® pipes
- Suitable for installations without vibration control requirements
- Applicable as a pipeline anchor point

Your advantages

- Approved for the attachment of sprinkler systems according to CEA 4001
- Proven two-part clamp with increased material cross-section
- Stronger fastening latches for high load capacity
