

MPR-Girder cleats

hot-dip galvanised

Application

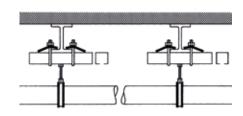

- Attachment of MPR-Support channels to steel girders without drilling or welding
- For indoor and outdoor use

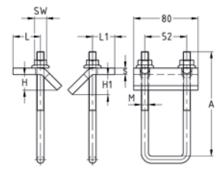

Your advantages

- Ideal solution for attachment of MPR-Support channels to steel girders
- Allows subsequent adjustment of the channels along and across the supporting beam
- Suitable for flange thicknesses of common support profiles
- Easy to install, pre-assembled kit
- Proper attachment of suspended loads on girders
