

Reinforcement angle

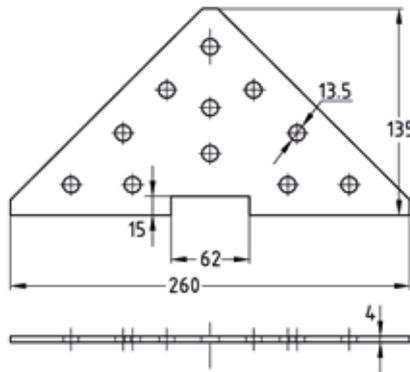

stainless steel

Application

- Support for MPC- and MPR-Wall hanger brackets where transverse forces occur

Your advantages

- Suitable for wall, ceiling and floor mounting
- Various applications in many different constructions
- Further mounting facilities for angle and joint connection of MPC- and MPR-Support channels

Features

Material V2A Part no. 159434	Material V4A Part no. 159435	Sales unit 1	Pack unit Pieces
------------------------------------	------------------------------------	-----------------	---------------------

⚠ Suitable add-on parts for MPR-Support channels 38/40, 40/60:

- V2A Hexagon head bolt, M10 x 20 mm (part no. 105553)
- V4A Hexagon head bolt, M10 x 20 mm (part no. 105555)
- V2A MPC-Slide nut, M10 (part no. 117962)
- V4A MPC-Slide nut, M10 (part no. 117965)

Suitable add-on parts for MPR-Support channels 41/21-41/124:

- V4A Hexagon head bolt, M10 x 20 mm (part no. 105555)
- V4A MPR-Threaded plate, M10 (part no. 154069)
